

**April 2009**

**Hello,**

Welcome to this month's My TE Advantage Newsletter. Thank you for choosing Tyco Electronics to supply you with this source of news, product releases, updates and technical information about each industry's products and applications.

**Communications**

**Tyco Electronics Expands Line of Power-Entry Modules**

Tyco Electronics has announced the addition of a 10-amp version of its Corcom GG series general-purpose and HG series medical filtered power-entry modules. A 5-inch (127 mm) wire lead option has also been introduced for the HG medical modules to aid in module installation. Previously, the lines were offered in ratings of 1, 3, and 6 amps.
